

POWERGORILLA POWERFUL RUGGED HIGH TECH 5V TO 24V CHARGER

24000mAh

The powergorilla laptop charger will give you an extra 2-5 hours of power, depending on your laptop's specification, and over 20 hours on various other electronic devices.

The powergorilla will work with devices up to 24V - so from your laptop, right the way to your smartphone or camera. Just select which voltage you require; 5V, 8.4V, 9.5V, 12V, 16V, 19V, 24V and the LCD screen will indicate which setting has been chosen, then connect your device and start charging. You can even daisy-chain, so whilst the powergorilla is charging your laptop, you can charge the powergorilla from the mains power supply or charge your laptop and your smartphone simultaneously.
